```
graph TD; 50[Source Code] --> 54[Prime Specification in Implementation Independent Language]; 53[Implementation Independent Language Compiler] --> 54; 54 -- 55 --> 56[Formal Specification with Higher Abstraction Level];
```

The flowchart illustrates the compilation process. It starts with a box labeled 'Source Code' (50). An arrow points down from this box to a box labeled 'Prime Specification in Implementation Independent Language' (54). A second box, 'Implementation Independent Language Compiler' (53), has an arrow pointing to the same box (54). From box (54), an arrow labeled '55' points down to a final box labeled 'Formal Specification with Higher Abstraction Level' (56).
